Getting Here

We recommend flying into either Rome or Naples. Terracina is about 110 km from Rome (driving) and about 140 from Naples

The local train station is Monte San Biagio – Terracina Mare, it is located on the Rome-Formia-Naples line (FL7) and is about 12 km from Terracina.

The station is served by Cotral buses with various trips to and from Terracina. There are also taxis or NCC (rent with driver) available.

How to reach the competition areas

Campo Soriano The Campo Soriano natural area is situated about 10 kilometers inland from Terracina.

It is easily accessible by car, but to alleviate congestion in the limited parking areas, complimentary shuttles will depart from the vicinity of the city center.

Terracina Old Town For those opting for accommodations outside the city center, transportation is available via Cotri buses, the local urban transport company.
